

1.

Version 1.3 Revision Date 08/01/2021

PRODUCT AND COMPANY ID	ENTIFICATION	
Product Name	Chlorine-35 (CI-35, <sup>35</sup> CI) as Hydrochloric Acid (HCI)	
Chemical Formula	HCI	
Molecular Weight	36.46 g/mol	
CAS No.	7647-01-0	
EC No.	231-595-7	
Supplier Address*	ISOFLEX USA PO Box 29475 San Francisco CA 94129 United States	
Telephone	+1 415-440-4433	
Fax	+1 415-563-4433	
Emergency Phone Number (both supplier and manufacturer)	Infotrac/ +1 800-535-5053 *May include subsidiaries or affiliate companies/divisions	
Email	iusa@isoflex.com	
Website	www.isoflex.com	
Preparation Information	ISOFLEX USA Product Safety +1 415-440-4433	

### 2. HAZARDS IDENTIFICATION

#### **Emergency Overview:**

WARNING! CAUSES IRRITATION TO SKIN, EYES AND RESPIRATORY TRACT. HARMFUL IF SWALLOWED OR INHALED.

NFPA Ratings: (0 = Minimal; 1 = Slight; 2 = Moderate; 3 = Serious; 4 = Severe) Health Hazard = 3 Flammability = 0 Reactivity = 0

**HMIS Ratings:** (0 = Minimal; 1 = Slight; 2 = Moderate; 3 = Serious; 4 = Severe)

Health Hazard = 3	Flammability = 0	Physical Hazard = 0
-------------------	------------------	---------------------

HEALTH HAZARD	3
FLAMMABILITY	0
PHYSICAL HAZARD	0

#### Classification of the substance or mixture

#### GHS Classification in accordance with 29 CFR 1910 (OSHA HCS)

Corrosive to metals (Category 1), H290 Skin corrosion (Category 1B), H314 Serious eye damage (Category 1), H318 Specific target organ toxicity – single exposure (Category 3), Respiratory system, H335

For the full text of the H-Statements mentioned in this section, see Section 16.

#### GHS Label elements, including precautionary statements

	iduning precautionally statements
Pictogram	
Signal word Dange	r
Hazard statement(s)	
H290	May be corrosive to metals.
H314	Causes severe burns and eye damage.
H335	May cause respiratory irritation.
Precautionary stateme	nt(s)
P234	Keep only in original container.
P261	Avoid breathing dust/fume/gas/mist/vapors/spray.
P264	Wash skin thoroughly after handling.
P271	Use only outdoors or in a well-ventilated area.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P301+330+331	If swallowed: Rinse mouth. Do NOT induce vomiting.
P303+361+353	If on skin (or hair): take off immediately all contaminated clothing. Rinse skin with water/shower.
P304+340+310	If inhaled: Remove person to fresh air and keep comfortable for breathing.
	Immediately call a POISON CENTER/doctor.
P305+35 <mark>1+</mark> 338+310	If in eyes: Rinse cautiously with water for several minutes. Remove contact
	lenses, if present and easy to do. Continue rinsing. Immediately call a POISON
Daca	CENTER/doctor.
P363 P390	Wash contaminated clothing before reuse. Absorb spillage to prevent material damage.
P403+233	Store in a well-ventilated place. Keep container tightly closed.
P405	Store locked up.
P406	Store in corrosive-resistant container with a resistant inner liner.
P501	Dispose of contents/container to an approved waste disposal plant.

### Hazards not otherwise classified (HNOC) or not covered by GHS: None

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Name:	Hydrochloric Acid
CAS No.:	7647-01-1
Molecular Weight:	36.46 g/mol
Chemical Formula:	HCI

### Hazardous Components

Component	Classification	Concentration
Hydrochloric Acid		
CAS No. 7647-01-0 EC No. 231-595-7 Index No. 017-002-01-X Registration No. 01-2119484862-27-XXXX	Met. Corr. 1; Skin Corr. 1B; Eye Dam. 1; STOT SE 3; H290, H314, H335	∃30-<50 %

General       Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.         Inhalation       Remove person to fresh air. If not breathing, give artificial respiration. Get medical attention.         Ingestion       Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Get medical attention.         Skin Contact       Remove contaminated clothing and shoes immediately. Wash off skin with soap and plenty of water. Get medical attention. Wash clothing before reuse.         Eye Contact       Immediately flush eyes with plenty of water for at least 15 minutes. Continue rinsing eyes during transport to hospital.         Most Important Symptoms/Effects       See Sections 2 and 11.         FIREFIGHTING MEASURES       Suitable Extinguishing Media Advice for Firefighters         Advice for Firefighters       See Sections 2 and 11.         Special Hazards       No data available         Methods for Cleanup/Containment       Wear respiratory protection. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. For personal protection, see Section 8.         Environmental Precautions       Do not let product enter drains.         Methods for Cleanup/Containment       Sociak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal.         HANDLING AND STORAGE       Handling         Keep container tightly closed in a dry and well-ventilated place. C						
Inhalation       Remove person to fresh air. If not breathing, give artificial respiration. Get medical attention.         Ingestion       Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Get medical attention.         Skin Contact       Remove contaminated clothing and shoes immediately. Wash off skin with scap and plenty of water. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.         Eye Contact       Immediately flush eyes with plenty of water for at least 15 minutes. Continue rinsing eyes during transport to hospital.         Most Important Symptoms/Effects       See Sections 2 and 11.         Statable Extinguishing Media Advice for Firefighters       Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide Wear self-contained breathing apparatus for firefighting if necessary. No data available         Special Hazards       Wear respiratory protection. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. For personal protection, see Section 8.         Environmental Precautions       Wear respiratory protection. Avoid breathing vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas. For personal protection, see Section 8.         Authods for Cleanup/Containment       Soak up with inert absorbent material and dispose of as hazardous waste. Keep in suitable, closed containers for disposal.         HANDLING AND STORAGE       Handling         Handling       Avoid contact with skin and eyes. Avoid inhalation of vapor or mist. ### **Exposure Controls**

Appropriate Engineering Controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of the workday.

### Personal Protective Equipment

Eye/Face Protection	Tightly-fitting safety goggles. Faceshield (8-inch minimum). Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).
Skin Protection	Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. Protective gloves must satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.
Body Protection	Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Respiratory Protection	Where risk assessment shows air-purifying respirators are appropriate, use a full-face respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
Control of Environmental Exposure	Do not let product enter drains.

# 9. PHYSICAL AND CHEMICAL PROPERTIES

### Appearance

Physical State: Odor: Liqud

Pungent

### Safety Data

-	
рН	<1 at 20 °C (68 °F)
Melting/Freezing Point	No data available
Boiling Point	110 °C (230 °F) at 1013 hPa (760 mmHg)
Flash Point	Not applicable
Evaporation Rate	No data available
Flammability (Solid, Gas)	No data available
Upper/Lower Flammability Limits	No data available
Upper/Lower Explosive Limits	No data available
Vapor Pressure	No data available
Vapor Density	No data available
Relative Density	1.16 g/cm <sup>3</sup> at 20 °C (68 °F)
Water Solubility	No data available
Partition Coefficient	No data available
Auto-ignition Temperature	No data available
Decomposition Temperature	No data available
Viscosity	No data available
Explosive Properties	No data available
Oxidizing Properties	No data available

#### 10. STABILITY AND REACTIVITY

Reactivity	No data available
Chemical Stability	Stable under recommended storage conditions
Possibility of Hazardous Reactions	No data available

#### 11. TOXICOLOGICAL INFORMATION

#### Information on Toxicological Effects

#### Acute toxicity

No data available (Hydrochloric acid).

*Inhalation*: Inhalation may provoke the following symptoms: Respiratory irritation, cough, difficulty breathing, pneumonia (Hydrochloric acid).

Dermal: No data available (Hydrochloric acid).

#### Skin corrosion/irritation

Skin - Rabbit

Result: Causes burns.

*Remarks*: Aqueous solution causes burns of eyes, skin and mucous membranes.

#### Serious eye damage/eye irritation

Eyes - Rabbit

Result: Corrosive to eyes.

#### Respiratory or skin sensitization

No human information is available. Did not cause sensitization on laboratory animals.

#### Germ cell mutagenicity

No data available (Hydrochloric acid).

#### Carcinogenicity

This product is or contains a component that is not classifiable as to its carcinogenicity based on its IARC, ACGIH, NTP or EPA classification (Hydrochloric acid).

- IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by NTP.
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by OSHA.

#### Reproductive toxicity

No data available (Hydrochloric acid).

#### Specific target organ toxicity – single exposure

The substance or mixture is classified as specific target organ toxicant, single exposure, Category 3 with respiratory tract irritation (Hydrochloric acid).

#### Specific target organ toxicity – repeated exposure

The substance or mixture is not classified as specific target organ toxicant, repeated exposure.

#### Aspiration hazard

No aspiration toxicity classification (Hydrochloric acid).

#### Additional information

RTECS: Not available

Inhalation of vapors may cause: burning sensation, cough, wheezing, shortness of breath, spasm, inflammation and edema of the larynx, inflammation and edema of the bronchi, pneumonitis, pulmonary edema (Hydrochloric acid).

### 12. ECOLOGICAL INFORMATION

### Toxicity

Toxicity to fish	LC50 – <i>Lepomis macrochirus</i> (Bluegill) – 24.6 mg/l – 96 h
Toxicity to daphnia and other Aquatic invertebrates	EC50 – <i>Daphnia magna</i> (Water flea) – 4.91 mg/l – 48 h
Persistence and Degradabilit	<b>y</b> The methods for determining biodegradability are not applicable to inorganic substances.
<b>Bioaccumulative Potential</b>	No data available
Mobility in Soil	No data available
Results of PBT and vPvB Assessment	PBT/vPvB assessment not available, as chemical safety assessment not required/not conducted
Other Adverse Effects	May be harmful to aquatic organisms due to the shift of the pH. Do not empty into drains.

### 13. DISPOSAL CONSIDERATIONS

SARA 311/312 Hazards

Massachusetts Right to Know Components

13.	DISPOSAL CONSIDERATIONS	DISPOSAL CONSIDERATIONS				
		Contact a licensed profes material. Dissolve or mix	surplus and non-recyclable solutions to a licensed disposal company. ct a licensed professional waste disposal service to dispose of this ial. Dissolve or mix the material with a combustible solvent and burn in a cal incinerator equipped with an afterburner and scrubber.			
	Contaminated Packaging	Dispose of as unused product.				
14.	TRANSPORT INFORMATION					
	DOT (US) UN Number: 1789 Class: 8 Proper Shipping Name: Hydrochloric acid Poison Inhalation Hazard: No Reportable Quantity (RQ):					
	IMDG UN Number: 1789 EMS Number: F-A, S-B Proper Shipping Name: HYE	Class: 8 DROCHLORIC ACID	Packing Group: II			
	IATA UN Number: 1789 Proper Shipping Name: Hyd	Class: 8 rochloric acid	Packing Group: II			
15.	REGULATORY INFORMATION			-		
	SARA 302 Components		No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.			
	SARA 313 Components	The following cor	The following components are subject to reporting levels established by SARA Title III, Section 313: Hydrochloric acid, CAS No. 7647-01-0,			

Revision Date 1993-04-24.

Acute Health Hazard

Pennsylvania Right to Know	Water, CAS No. 7732-18-5
Components	Hydrochloric acid, CAS No. 7647-01-0, Revision Date 1993-04-24
New Jersey Right to Know	Water, CAS No. 7732-18-5
Components	Hydrochloric acid, CAS No. 7647-01-0, Revision Date 1993-04-24
California Prop. 65 Components	This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

### 16. OTHER INFORMATION

#### Full text of H-Statements referred to under Sections 2 and 3:

Eye Dam.	Serious eye damage
H290	May be corrosive to metals.
H314	Causes severe skin burns and eye damage.
H318	Causes serious eye damage.
H335	May cause respiratory irritation.
Met. Corr.	Corrosive to metals
Skin Corr.	Skin corrosion
STOT SE	Specific target organ toxicity – single exposure

## HMIS Rating

HIMIS Rating		
Health Hazard:	3	
Chronic Health Haz	ard:	
Flammability:	0	
Physical Hazard:	0	
1		

### NFPA Rating

Health Hazard: Fire Hazard: Reactivity Hazard:	
Prepared By	ISOFLEX USA PO Box 29475 San Francisco CA 94129 United States
